

WEB AND GRAPHIC DESIGNER ERIC PODLIN

PROFESSIONAL EXPERIENCE

Straight North - August 2015 to December 2016

Design websites for in-house CMS or Drupal implementation. Also designing of collateral materials, advertisements for Google Adwords, as well as minor work in web development.

Weblinx, Inc - November 2011 to August 2015

Designing website GUIs, building sites using HTML5, CSS3, and Javascript/jQuery, and making templates for CMSs like Joomla, Drupal, and Wordpress. Also designing logos, business cards, and advertisements (both digital and print).

Advanced Media Network - November 2010 to August 2011

Tasked with daily editing and scheduling of videos for use on media screens, as well as designing new digital screen layouts, business communication pamphlets, and single page digital ads. Also installed and maintained on-site computers and screen displays.

Freelance Design

As a freelance designer, I have done a variety of projects for single persons and small business alike. Projects ranging from logo designs to full websites.

EDUCATION

Full Sail University - February 2007

Bachelors Degree in Digital Arts and Design
